

C.V of Prof. Krishna Chandra Sinha

Prof. Krishna Chandra Sinha – The Genius Behind 70 Mathematics Books | Honoured as “PIONEERS of INDIA” by Dr. Jitendra Singh | Dinesh Anand Production | Dinesh Anand Production

Prof. Krishna Chandra Sinha, one of India’s most respected mathematicians and educators — a true inspiration who has authored over 70 books in Mathematics, shaping the future of countless students across India.

Hailing from Bhojpur, Bihar, Prof. Sinha’s remarkable journey took him from humble beginnings to becoming the Head of Mathematics at Patna University, Principal of Patna Science College, and Vice-Chancellor of Nalanda Open University.

Awards & Recognitions:

1. “PIONEERS of INDIA” honoured by Hon’ble Union Minister Dr. Jitendra Singh, New Delhi
2. Maulana Abul Kalam Azad Shiksha Puraskar (Bihar’s highest education award)
3. Icons of Bihar Award
4. Global Excellence Award

His Mission:

Prof. Sinha is passionately committed to making quality education accessible, especially for students in rural India. Through initiatives like the Awasar Trust and collaborations with the Bihar Education Department and IIT Patna, he provides free IIT-JEE coaching and mathematics guidance to underprivileged students.

His Legacy:

For over four decades, his books—published by Eduwiser, Bharti Bhawan, Students’ Friends, Rastogi, JPNP, and Kiran Prakashan—have guided lakhs of students with crystal-clear concepts and step-by-step problem-solving techniques.

Despite his fame and accolades, Prof. Sinha continues to lead a simple, grounded life, staying closely connected with students and teachers through social media, spreading his lifelong message of learning, humility, and perseverance.

 Watch this video to witness the extraordinary journey of Prof. Krishna Chandra Sinha — a mathematician, teacher, author, and true pioneer of Indian education.
